

**Stella E. Garcia**  
(401) 207-7848  
stellaeg13@gmail.com

## **Education**

**The University of South Carolina**

Columbia, South Carolina

Bachelor of Science, Computer Science

Expected Graduation: May 2024

Honors: Capstone Scholar, Alpha Lambda Delta Member

GPA: 3.918

## **Work Experience**

**O'Brien's Pub - Newport, Rhode Island** (2018-Present)

*Hostess*

- coordinated seating to ensure a fast and pleasurable dining experience for the customer as well as a manageable table section for the waiters/waitresses, served up 300-500 customers daily
- maintained customer satisfaction by evaluating complaints and escalating them to the manager (if necessary)
- promoted sales and discounts to costumers to drive up merchandise revenue
- maintained an organized list of customers waiting to be seated and estimated when their table would be ready

## **Software Engineering Experience**

**Software Engineering Project – University of South Carolina** (August 2021 – December 2021)

- worked with a group of 3 other computing students during a semester long project to create a medium-scale development project in the programming language Java
- collaborated with said group through the use of git
- managed and organized multiple files including source code and a JSON database
